Senior/Caregiver Connections

Person-2-Person Senior/Caregiver Connections is a lifeline for seniors and or caregivers. Volunteers are paired with the individual to offer emotional and practical support through regularly scheduled telephone calls. Having a caring person to talk to can provide a valuable outlet in the midst of difficult daily challenges. Volunteers are friends who understand that the senior/caregiver is a very important person struggling to do the best they can.

Participating in Person-2-Person Senior/Caregiver Connections is very simple: Senior Resource Services will provide a volunteer buddy who will call the senior or caregiver at a convenient time and frequency arranged between the both of them.

If you are a senior or a caregiver...

- Do you feel like you are facing this struggle alone?
- Do you feel like nobody understands what you are going through?
- Do you reach the end of the day and realize that you have not had anyone to talk to all day?

If so....

Senior Resource Services has established this program to provide Seniors and or Caregivers a solution to avoid the problems encountered living alone and no contact with the outside world. The weekly phone call will lift your spirits to get through the following week.

If you are interested in volunteering...

- Do you desire to make a difference in someone's life?
- Are you a good listener
- Can you give at least twenty minutes to an hour of your time per week?

Consider being a telephone buddy for a senior/caregiver. You are not required to be an expert in the field of aging. Simply an understanding person who will be making someone feel important and appreciated. Training and support are provided through Senior Resource Services.
